Brother Bobby DeMott
Past Grand Historian and Past Education Committee Chairman

The Education Committee of the Grand Lodge of Tennessee would like to encourage the brothers of each lodge to participate in a program whereby the individual member would gain self confidence in public speaking and the brethren of the lodge would benefit from the presentation. Each brother is invited to make a talk of about 15 minutes duration on a Masonic subject of his choice. The Secretary is then asked to complete a [form](#) (see below) informing the education committee that such a talk was given. The Brother will then be presented a certificate to that effect. The forms may be submitted to the Grand Secretary when the monthly report is filed.
